

PIRAEUS

Piraeus MR-16 LED Light Bulb (4-Watt, dimmable)

Type	Wattage
MR-16	3.8 Watt

- 12 Volt magnetic transformer with a low-voltage magnetic dimmer
- Dimmable LED Power Supply with a incandescent dimmer
- Does not heat up like halogen light bulb; extremely low-heat operation very long life span
- No UV or infrared radiation
- **Please note:** If you have electronic transformers designed for halogen bulbs, they most likely will not work with this LED light bulbs. LED light bulbs are not dimmable unless it is noted.

Power Consumption	3.8 Watt
Comparable Bulb	35W halogen (MR-16)
LED Chip	White LEDs (60 LEDs)
Beam Angle	Flood (25°)
Bulb / Socket Type	MR-16 / GU5.3 bi-pin
Color Temperature	Neutral White (4000k)
Life Span	up to 30,000 hours
Voltage	12 V DC / 12V AC (50~60Hz)
Number of LEDs	60 LEDs
Operating Temperature	-25°C ~ +40°C

SKU

Neutral White
