

EUPHRATES

Euphrates Flexible LED Strip Light (16.4 feet (5m))

- High-power Multi-chip LEDs used; one LED chip contains 3 LEDs!
- 3M adhesive tape used for easy installation
- Flexible and small!
- Very wide viewing angle: 140°
- Cuttable every 10cm

Accessories:

50W LED Light Bar Power Supply (12V DC)

Sold Separately

LW20-1100-A-DC81514

LED Chip	High-power multi-chip LEDs (3 LEDs in one LED unit)
Brightness	Warm white: 13 lumen per LEDs Neutral white: 17 lumen per LEDs
Beam Angle	140°
Color Temperature	Warm White (Approx. 3000K) Neutral White (Approx. 4800K)
Life Span	80,000 hours
Voltage	12 Volt DC
Current	50mA per cutting unit
Number of LEDs	150 LEDs per spool (30 LEDs per meter, 3 LED per cutting unit)
Length	5000mm, width: 11.7mm, height:2mm
Cutting Increment	3.94" (100mm)
LED Spacing	33mm
Power Consumption	30 Watt per spool (10 watt per meter)
Operating Temperature	-4°F ~ +104°F (-20°C ~ +40°C)

SKU:

LW20-2001-A6-G5G-W3K - Warm White

LW20-2001-A6-G5G-W4K - Cool White
